## WASHINGTON TOWNSHIP VOTE HEAVY; INCUMBENTS GIVEN OVERWHELMING MAJORITIES

### Sinclair, Wardell Trail War Propagandist In Governor Race

Washington township arrayed itself with the conservative ranks of the state Tuesday, an unofficial tabulation of the ballot showed Wednesday.

With a heavy Republican registration, before the primaries, the township selected C. C. Young in the gubernatorial race with a total of 595 votes. Merriam was a close second with 584, while Quinn and Haight trailed far behind.

Democrats in the 16 precincts chose George Creel with 309 ballots, with Wardell second at 262, and the Democratic nominee, Upton Sinclair, last with 232.

With the exception of two, the voters here returned the incumbents to office by huge margins. Incumbent Judge Robinson, of superior court, office 1, was defeated by Peter Crosby, a native of the township. Crosby polled 1625 votes to Robinson's 701. Another incumbent to be frowned upon here was Sheriff Driver, who lost to Joe Soares, 903 to 1660.

Judges Allen G. Norris and J. A Silva, unopposed local justice court incumbents, were heavily endorsed Tuesday. Norris received 1984, Silva 2119.

David E. Martin, superintendent of schools, defeated his nearest rival, Hughes, by a margin of over 1000 votes. Martin polled 1715, Hughes 566.

Coroner Grant Miller surpassed Quinn, his most potent rival, by a count of 1204 to 821 in this area.

Fred Stewart, incumbent on the board of equalization, tallied 1003 Republican votes and 407 Democratic votes to win easily from his rivals.

With 150 names on a bewildering ballot, election officials throughout the township work until early Wednesday morning makin their tabulations. At precinct No. 2, Decoto, the count was not completed until 7:30 a. m. Wednesday. Interest in the election mounted to record heights.

A complete unofficial tabulation of the Washington township vote is on page two of this issue.

### Corpus Christi Whist To Be On Sept. 7

Members of the parish, of the Corpus Christi church, Niles, will enjoy a benefit whist on the evening of September 7, at the home of Mrs. Mario Moise, on Second street.

The affair is scheduled to begin at 8:30 o'clock. There will be refreshments and prizes. All are invited to attend.

## NATIVE DAUGHTERS TO FETE PRESIDENT HERE SEPTEMBER 4

### Mrs. Gladys Noce Will Pay Official Visit To Local Parlor

Official visit to the Laura Loma parlor of the Native Daughters, by Mrs. Gladys Noce, grand president, will be next Tuesday evening at the I. O. O. F. hall. Installation of officers here was held at a special meeting on August 18, in order that the parlor officials would be in their active capacities for the coming occasion. Installation was previously postponed because of a scant attendance at the regular meeting.

The program, as arranged to date for the president's visit, is elaborate. The Rythm Band, under the direction of Mrs. Marguerite Crane will play a number of selections. Albert Silva, 6-year-old accordianist, will play, and Miss Ilene Wittenmeyer will render several vocal selections. Of interest will be the performance of the Sacred Heart Junior Y. L. I. Institute ukelele club.

Inasmuch as Grand President Gladys Noce's home is in Grass Valley, in the gold mining district, the decoration motif will tend toward a mining scheme. The tables will be decorated with imitation skips and hoists, and one mine will be reproduced in miniature.

Several members of the Laura Loma parlor of the Native Daughters of the Golden West attended a series of official visits by Mrs. Gladys Noce, grand president of the organization, in bay cities last week.

Those who were on hand from the Niles parlor were: Mrs. Ethel Fournier, Mrs. Belle Cahill, Mrs. Mary Bernard, Mrs. H. Carr, Mrs. Marguerite Crane and Miss Martha Crane.

The group visited at the Alameda parlor Wednesday night, the Oakland parlor Thursday night and the San Francisco parlor Friday night.

## FALL VEGETABLE PRODUCERS PLAN FOR HEAVY CROP

### Best Season In Last Five Years Seen; Prices Moving Upward

Producers of fall vegetables in southern Alameda county, as well as in the majority of the central coast districts, expect to have their best season in the last five years during the next five months.

Prices are moving upward, and indications are that the trend will continue to the winter harvests.

Local markets have been quiet during the latter part of last week and early this, produce depots report, but shippers have continued to handle the usual amount. The condition is attributed to the election Tuesday. Sales are now returning to normal.

Vegetables now being harvested will wind up the summer yield, while the fall crops are just beginning to ripen.

Local canneries are starting on their tomato packs this week. Most of them are now ending their pear run. If the yield and the weather hold, the work will continue until the middle of November, canners say.

Local production of tomatoes will not be as heavy as at first estimated, due to small amounts of blight and weather that was not conducive to a heavy yield. While the general tonnage will suffer, the loss will not be great enough to cause any shortage, it is said.

Market tomatoes, like the canning varieties, are early and the tonnage is less than usual. This condition, combined with the drought, which has ruined the crop in the middle west, is resulting in fancy prices to the growers.

Fall peas in this valley are beginning to ripen. The crop will reach a major scale in the next two weeks, and growers are looking forward to good prices from the eastern points. The pea crop in the middle west is so light that the major canning concerns have closed their plants.

Other fall vegetables from this district are now reaching the market, but the bulk of these yields are still to come.

The Misses Ella and Katherine Sullivan have returned from a two week's vacation with their sister in San Diego. They traveled both to and from the southern city by steamer.

## GROCERY-SNATCHER GETS 90 DAY TERM IN COUNTY JAIL

### Pedro Cisnero, Familiar To Local Justices, Jailed Again

Washington township's most-sentenced petty thief and general law-breaker is again behind the bars of the county bastille, on the first leg of a ninety day sentence dished up last Friday by Judge Allen G. Norris at the Centerville courthouse.

The unlucky miscreant is Pedro Cisnero, of Decoto, who found himself in the tentacles of the law after attempting to lift a quantity of groceries from the parked automobile of Mrs. Vernie Perry, of Alvarado, recently. Startled in the act of making his theft attempt, Cisnero was seized. He pleaded guilty to the charge.

Friday's sentence was the fourth meted out to Cisnero by Judge Norris. The culprit has been hailed before Judge J. A. Silva, at Niles, a number of times. Even local justice prefers a new face now and again, hence and end ofpatience with Pedro.

## GRAMMAR SCHOOL TO OPEN FALL TERM NEXT TUESDAY

Dejection and jubilance will be registered on the faces of Niles children next Tuesday when the local grammar school resumes classes after the summer vacation.

The opening, which was to have been on August 27, in accordance with the township uniform opening date, was postponed until the Tuesday after Labor Day, to allow time for the completion of improvements on the school grounds.

Registration and arrangement of classes will be held next Tuesday, and teachers will meet to make initial preparation for the term. Two new teachers, Miss Lurena Chenery and Miss Mildred Bennett, will take up their duties. They will replace Miss Anne Perrin and Mrs. Helene Smith, both of whom resigned last spring.

Work this week on the school grounds is being rushed to completion by the E. E. Dias crews. The grounds have been leveled and oiled, and a new fence built around the space added to the grounds. The additional room will make the local yard one of the most spacious and well-kept in the district.

## MOTHER OF FIVE DIES AT DECOTO LAST WEEK

Ill for many months, Mrs. Annie Martinez, of Decoto, aged 60, passed away at her home at 311 Fifth street in that city last Thursday night. She had lived in this region for fourteen years.

Mrs. Martinez, wife of the late Felix Martinez, was the mother of five sons.

Funeral services were conducted by the Rev Father Emmet O'Connor at the Corpus Christi church Monday morning. Interment was in the Holy Ghost cemetery at Centerville. Funeral was under the direction of the Chapel of Palms.

## MISSION SAN JOSE TO BE SCENE OF SERRA FETE SUNDAY, SEPTEMBER 2

### Alameda County To Pay Homage To Founder Of Missions

Residents of Alameda county will celebrate the Junipero Serra Sesquicentennial, in honor of the famous founder of California's rhain of missions, next Sunday at Mission San Jose, founded June 11, 1797.

The observance is in charge of a committee composed of Agustin S. Macdonald, president of the Alameda County Historical Society; Joseph R. Knowland, chairman of the historic landmarks committee of the Native Sons of the Golden West, and Frank C. Merritt. Musical features and addresses will mark the program, which is to start at 1:30 p. m. Monsignor Joseph M. Gleason, rector of St. Francis de Sales Church, will speak on "The Junipero Serra Sesquicentennial," while Knowland will deliver an address on "The California Missions."

A citizens' committee representing all sections of Alameda county has been named to participate in arrangements for the celebration. Its membership includes: Joseph R. Knowland, Augustin S. Macdonald, Rev. Joseph M. Gleason, Prof. Herbert E. Bolton and Prof. Charles C. Chapman of the University of California; Mrs. Dora Brayton, Native Daughters of the Golden West; Frank C. Merritt, Native Sons of the Golden West; Dr. Aurelia Henry Reinhardt, president of Mills College; Miss Annie Florence Brown, The Forum; Anson S. Blake, president of the Society of California Pioneers; Allen M. Chickering, California Historical Society; Supervisor Ralph S. Richmond, Mayor W. J. McCracken, J. F. Coakley and Superior Judge John J. Allen, Oakland; Mrs. Oscar Sutro, Piedmont, Rev. ohn Leal, Mission San Jose.

Thomas J. Powers, Irvington; Judge Jacob Harder, Jr., Hayward; Judge Allen J. Norris, Centerville; Mayor Edward N. Ament, Berkeley; Mrs. J. R. Whipple, Niles; Joseph Concannon, Livermore, and Judge A. W. Bruner, San Leandro.

## SPEEDERS TO TELL THE JUDGE HERE TOMORROW

Sixteen speeder cases, accumulating during the past weeks, will be heard tomorrow by Judge J. A. Silva at the Niles justice court.

The roster of offenders, which is very long, lists practically every speeding offense in the vehicle act, some speeders were flagged down doing sixty-five miles an hour in the forty-five mile zone, others met the officer in the twenty-five mile zone when they were doing thirty, some will face the court as the result of a twenty mile speed in a fifteen mile zone.

Although the tourist traffic have been fairly dense this summer, highway courtesy seems to be gaining. The number of offenders is comparatively small.

Don Leidig, mayor of Hayward, was a visitor in Niles Monday afternoon.

## FREAK STORM MAKES PASSES AT TOWNSHIP

Washington township was on the fringe of a freak summer storm Saturday night that brought lightning, thunder and flourries of rain to bay cities.

The storm center passed over the bay and penninsula, splashing a few heavy drops in this district. A noticeable fall in temperature accompanied the disturbance.

Terrific flashes of lightning, while they did not strike in this vicinity, were plainly visible.

## FALL ACTIVITIES OF P.-T.A. START NEXT WEEK

Fall activities of the Niles Parent-Teachers' Association will get under way next week with a board meeting to be held at the Niles grammar school Thursday morning at 9:30 o'clock.

The school cafeteria, directed and maintained by the organization will begin its service to the school children at noon next Wednesday, according to Mrs. Roland Bendel, publicity chairman of the local chapter. The cafeteria, ably managed by the mothers and teachers does an untold service at the school. Inexpensive and nourishing meals are furnished to the children.

The board meeting next Thursday will be chiefly taken up with outlining the program for the coming year.

At the beginning of the mission period in this region it was observed that the Indians had a good musical ear and good voices. They were drafted into the mission choir.

## NILES MAN, WALKING NEAR MODESTO, IS STRUCK BY AUTO

### Jimmy Waterson Unhurt When Run Down Late Last Week

James (Jimmy) Waterson, widely known in this district, narrowly escaped serious injury late last week when he was struck by an automobile while walking on the highway near Modesto, where he is temporarily employed by the Southern Pacific Company.

According to reports, Waterson was walking near the side of the road when a scream caused him to look around. He saw the car heading for him and leaped to one side. He avoided a direct impact, but was struck by a fender and hurtled through the air. He landed on his shoulders and back with bruises and slight scratches.

Waterson states that his leap undoubtedly saved him from serious lacerations. He averred that his luck seemed to hold in this instance as it has in the past.

### Winifred Bendel's Poems Accepted By Magazine

Recognition of publishers on the work of juvenile writers, rare at best, has been given to Miss Winifred Bendel, daughter of Mr. and Mrs. Roland Bendel, of Niles, for her literary efforts in the realm of verse.

The child, who has received prizes for Latham Foundation essays on kindness to animals, and whose verses have attracted school authorities, has received word that two of her poems have been accepted by the Child Life Magazine, leading juvenile publication.

The poems accepted by the magazine were among the first that the young girl has written.

Dr. N. Catherine Holden has opened an office at 717 First street, Niles, furnished with the most modern surgical and physiotherapy equipment. She is especially prepared to care for accident cases and those requiring emergency surgery. Miss Mary Rodrigues has been taken into the office as interpreter.—Jy19tfc

# A MILE AND A HALF OF ICE REFRIGERATORS!

A mile and a half from cow-catcher to caboose...and every car packed tight with gleaming white *ice* refrigerators! That's the kind of train it would take to deliver all the *ice* refrigerators Californians are buying from their ice companies this season.

No wonder three of the nation's largest *ice* refrigerator factories...two of them right here in California...are working twenty-four hours a day. And even so, they're three weeks behind their orders!

**WHAT'S BEHIND THIS HUGE DEMAND?**

When 15,000 California housewives decide to buy new *ice* refrigerators from their ice companies in a single year, there must be a reason. And there is! Women are discovering that, after all, *ice* refrigeration is cheaper *first* and *last*...and better *all* the time. For a block of ice never gets out of order. And only ice provides *non-drying* cold that keeps foods fresh and tasty.

**This Low Temperature Ice Refrigerator**

**$44.50**

*Beautiful in Design...*
*Scientific in Every Detail*
*Uses Less Ice...*
*Keeps Foods Colder*

Enclosed ice compartment
Thick, insulated walls
Insulated, self-sealing door
Porcelain, rounded corners for easy cleaning
Broom-high legs... easy to sweep under

Shelf area... 10 sq. ft. This size ample for family of six.

Other refrigerators priced as low as $24.50. Easy terms, and a generous allowance for your old ice-box. Ask your ice man.

## WASHINGTON HIGH SCHOOL SEMESTER IN FULL SWING

Enrollment at the Washington Union high school on Monday, the initial day of the fall term, was considerably below the forecast 500 mark, according to J. V. Goold, vice principal, this week. Goold stated that by Tuesday afternoon the total number of students listed stood at approximately 438. The vice principal said that numbers of students who have planned to return should boost the total to near 500 before the end of next week.

Classes were well under way by Tuesday, with a number of minor changes made in room arrangements and instructors. The term opened with an assembley at 9:00 Monday morning, after which there lockers were issued, books given out and lessons assigned. Regular classroom work began Tuesday.

The teaching staff, with the exception of Miss Sybil Botelho, who is now a full time day school teacher, remains the same as last year.

## FORTY ASPIRANTS TO FOOTBALL TEAM AT HIGH SCHOOL

Barring injuries to his players, and unforeseen difficulties, Jess Regli, Washington high football mentor, states that he will produce another championship eleven this fall.

Regli said that although he has lost four varsity veterans and six good substitutes, he will be able to build up a fast offensive aggregation.

Among difficult holes to fill, will be the vacancy left by the graduation of Wes Raso, shrewd quarterback of the 1933 eleven. Regli says that he will be able to groom a good blocker for Raso's place, who will call the snap signal. The play signals may be called from another position.

Regular practice began Wednesday, after issuance of suits on Monday and Tuesday. Forty men have signed for varsity competition.

### 241 Pupils Return To Centerville School

The Centerville grammar school opened Monday morning with 241 children tramping to their classrooms. The figure will no doubt be swelled as a few late-comers arrive.

The school was furbished up, floors painted, playground equipment renovated, and garden given its annual big summer arranging.

The teaching staff remains the same as last year.

A number of Centerville people will be guest of Mr. and Mrs. P. H. Moore, at Niles, Saturday evening. The Moores will be hosts to the Evening Card club.

## MOTHER OF LOCAL MAN SUMMONED LAST WEEK

Word was received in Washington township Saturday of the death of Mrs. Anna Regli, mother of Jess Regli, instructor at the Washington Union high school, in Mountain View last Thursday.

Mrs. Regli, who was 63 years of age, had lived many years in the penninsula city. She was a native of Wisconsin. Besides her son here, she is survived by a daughter, Mrs. Charles Condon, of Berkeley, and by two sisters; Mrs. Charles Fisser, of Seattle, and Mrs. G. Meyers, of St. Paul.

Funeral services were held at Mountain View Saturday morning.

Ed. Lauppe, son of Mr. and Mrs. E. Lauppe, left last week for a trip to the Century of Progress Fair at Chicago. He was accompanied by his cousin, Louis Lauppe, of Sacramento. The travelers plan to be gone about a month, visiting Niagara Falls and other places of interest.

## NATIVE SONS WILL PARTICIPATE IN FAIR PARADE

Native Son's participation in the Admission Day celebration, slated in connection with the opening of the State Fair on September 10, was assured this week after a meeting of the local parlor.

According to Judge Allen G. Norris, about thirty members of the Washington parlor will accompany the group of women from the Betsy Ross parlor of the Native Daughters to Sacramento for the fete. The Native Daughters will make their headquarters at the Sacramento Hotel in the capital city for the three days, September 8, 9, and 10. They state that their neighbors and friends will be welcome as their guests.

The local parlor is aiming at the first prize for the most colorful and appropriate costumes in the great parade.

### Native Daughter's Have Successful Cottage Whist

Cottage whists, which have been occupying the members of he Betsy Ross Parlor of the Native Daughters reached a new high Saturday evening at the home of Miss Mae Alameda.

The whist was an outstanding social and financial success, according to Mrs. Matilda Enos. There were eight tables. The party was one of a series of similar affairs that have been held throughout the summer.

### Miss Helen Rogers At University of California

Among university students from this district, to take up their studies at nearby colleges this fall, is Miss Helen Rogers, daughter of Mr. and Mrs. Fred Rogers, of Centerville. She is registered at the University of California as a freshman. She is a graduate of the Washington Union high school with the class of 1934.

### Death Claims Infant At Mission San Jose

Mr. and Mrs. William Telles, of Mission San Jose, are this week receiving the sympathy of their friends on the death of their infant daughter, Bernice, Saturday.

Funeral of the child was held Monday, under direction of the Chapel of Palms. Interment was in the St. Joseph's cemetery at Mission San Jose.

Mrs. Richard White was returned to her home in the Botelho ambulance Monday, from the Jackson Lake hospital, in Oakland, where she had been seriously ill for many weeks. She is well along the road to recovery.

## CENTERVILLE LIONS TO ATTEND COUNCIL MEET AT CROCKETT

### Don Leidig To Conduct Tour Of Important Industrial Plant

Centerville Lions, headed by Joe Jason, president of the local club, will board a fleet of automobiles this evening and drive to Crockett, where they will attend the Golden Gate Council meet, forecast as one of the biggest events of the year on the Lion calendar.

It is estimated that more than thirty Lions will make the trip. They will go in cars furnished by Frank Botelho, Mike Salvadorini, Frank Madruga, Bill Furtado, Tony Silva, Chick Santos and A. D. Lewis.

Don Leidig, of Hayward, Golden Gate Council president, will be master of ceremonies at the gathering. He will conduct the visiting Lions on a tour of the Crockett sugar refinery previous to the meeting.

## BOTTLE-WIELDER TO FACE BATTERY CHARGES

Baldomero Gonzalves, of Decoto, alleged to employed a milk bottle as a bludgeon in a battle at Alvarado on August 20, appeared before Judge Allen G. Norris last Friday and pleaded not guilty to charges of battery brought by Octavio Santiago, of Alvarado.

Waiving jury trial, Gonzalves will appear for trial tomorrow. The Gonzalves-Santiago fight is said to have occured when the latter refused to allow his son to accompany Gonzalves to some sort of entertainment. Gonzalves wanted the boy to play some musical instrument at which he is proficient. An argument, starting over the father's refusal, led up to tussling and the final bottle-weilding.

## LIONS DIRECTORS IN FIRST MEET IN 8 MONTHS

Meeting for the first time in eight months, the board of directors of the Centerville Lions club gathered at the El Lido Monday night to discuss plans for club activities during the coming months.

Among decisions at the meet was that pertaining to the repair and maintenance of the many street signs put up by the organization last year. It was decided that the signs shall be kept presentable by the Lions.

Tentative plans for an affair for the wives of Lion members were laid. The occasion will be in the form of a banquet, according to Harold De Leon, board member.

The annual Lion dance, one of the district's most attractive fetes of the year, will definitely be held, De Leon stated. The date has not yet been set.

Members of the board are: George Hellwig, Frank Madruga, Chick Santos, Harold De Leon and Joe Jason.

## Deer Season Cooling Down After Fast Start

Progress of local nimrods in quest of deer continues, it is noted, with at least one critter being brought into town each week.

Leon Vieux, local sportsman, is the successful hunter this week, with a fine three-pointer to his credit. He bagged it Sunday. Listed at the Bercham meat market, where most of the hunters have their quarry dressed, Vieux's buck weighed 96 pounds.

So far this season the local market has handled eleven of the animals, all bagged by local hunters. Although the season began with a bang, and gave early promise of being better than last year's, the sport is beginning to get a little more difficult, with hunters going farther afield for their game.

TELEPHONE *is helping this farmer to make money*

A COAST FARMER was in the habit of putting his hogs in the trailer and regularly driving eight miles to town with them. If unsuccessful in getting his price at the local markets he would cart the hogs home again.

He was urged to install a telephone and call the local markets first. This he did. The saving in oil, gas, wear and tear and pork poundage was soon found to be far greater than the small cost of telephone service.

Now that farmer has more time and his telephone is there, handy for other matters too.

## EASTERN STAR TO HONOR PAST OFFICIALS

The local chapter of the Order of Eastern Star will entertain all past matrons and patrons in the district at a gathering to be held in Centerville on the evening of September 12, according to word received from Mrs. Fred Mitte, active member, this week.

Hosts at the meeting will be Mrs. Muller and James Wasley. It is expected that the affair will hold a definite attraction for numbers of members throughout the county.

Preparations will soon be under way in the local chapter, for the Grand Chapter conclave to be held in San Francisco in October. A number of the local members will be in the big city for this convention.

## NEWARK POST OFFICE ROBBER AT ALCATRAZ

Among the infamous guests who were recently booked at Alcatraz Island, Uncle Sam's new lodge for incorrigible bad men, is Frank Thurman, alias "Whitey Lewis" alias Edgar Roberts, whose repeated robberies of the Newark post office kept federal officials hot on his trail until early this year, when he was caught in Texas.

Thurman had been caught in 1932 in Denver and sentenced to McNeil island for robbing the Newark post office that year. He escaped, was recaptured, and escaped again, cracking the Newark safe in the meantime. He was finally caught in Texas, and clapped behind McNeil island bars. He is among the group of dangerous criminals now occupying the rocky island near the Golden Gate.

E. E. Glassbrook spent Tuesday in San Francisco on business. He attended the wrestling matches in the evening.

Mr. and Mrs. Clarence Crane were guests at a reception at Livermore Saturday.

## PIONEER CHINESE IS TAKEN BY DEATH AT SUNOL

Funeral services for Gee Fong, an old and faithful employee of the former Spring Valley Water Company, were conducted by Reverend Cross at the home of Mr. and Mrs. A. W. Ebright, Sunol, on Sunday afternoon, August 26.

The pallbearers were Messrs. T. W. Espy, A. W. Ebright, S. P. Eastman, G. A. Elliot, J. H. Rankin and I. E. Floa.

Gee Fong was born in China, March 22, 1952. He died in Sunol on August 25, at the age of 82 years.

He came to Sunol in the spring of 1912 in the capacity of cook for the Spring Valley Water Company. Gee made friends with everybody with whom he came in contact. He was kindly to all children.

During the world war he was always one of the first to give to the Red Cross and to subscribe to Liberty Bonds as his means permitted. In all charity benefits from that time until the very last Gee Fong always did his part. He was always ready to give to the Boy Scouts and Camp Fire Girls, or any other cause for the betterment of the younger generation.

When the city of San Francisco took over the Spring Valley property in 1930, Gee Fong was pensioned by the Spring Valley Company and took up his residence in San Francisco. However, becoming homesick for his old friends and surroundings, he returned after some two years to Sunol where he spent his final days happy and contented.

His last request was that his remains be cremated and his ashes scattered over these grounds that were so familiar and dear to him.

## APEX IRONER AND WASHER TO BE SHOWN

Of particular interest to Washington township housewives will be a demonstration and sale of the new Apex washers and ironers, slated to begin tomorrow in Niles.

The new machines will be seen at the Winchester store beginning tomorrow, where they will remain until September 15. There will be a demonstration of the devices after that date at the Niles office of the Pacific Gas and Electric Company.

Ray Peterson, Winchester store proprietor, states that the new machines are the best developed in their line to date, and urges all housewives to see the demonstrations. Housework with the Apex washer and ironer is an easier task, he avers.

Watch this newspaper for advertisements telling of the demonstration dates, and information on the sale.

## LOCAL EXHIBITORS WILL HAVE SPACE AT STATE FAIR

Alameda county will feature two distinct exhibits at the 1934 California State Fair that opens Saturday September 1 for a ten day run. Such was the announcement of M. G. Callaghan, of Livermore, senior member of the county exposition committee.

In one exhibit there will be a display of vegetables, salt, shrubs, cut flowers, flowering plants, cactus gardens, etc. Another exhibit will feature vintage from the Alameda county vineyards including displays from Irvington, Pleasanton and the Livermore valley.

B. E. Amyx, of Niles, member of the floricultural committee announces that the county will show the best in cut flowers and plants. Working with the committee arranging the county exhibit is Supervisor Ralph V. Richmond, of Niles. Salt from Alvarado and Newark refineries will be exhibited. Alameda county produces more than seventy five per cent of the salt consumed on the entire Pacific Coast, the salt being produced in Washington township. Among the vegetable growers to exhibit are H. P. Garin, Centerville; Varni Brothers, Alvarado and Cunha Brothers, Hayward.

## REBEKAHS TO HAVE GROCERY WHIST SEPTEMBER 11

The Niles Rebekah lodge will gather for its regular meeting at the I. O. O. F. hall, Niles, on the evening of September 7. The meeting will be short, members say, in order that a number of the local lodge may attend a meeting of the Alvarado Lodge, where both organizations will take part in an entertainment.

The Rebekah Haywire orchestra, formed some time ago, is proving to be of great popularity among east bay lodges. The group recently furnished the music for an organization dance in Hayward.

Of particular interest to the local lodge and to the public in general will be a grocery whist to be held at the I. O. O. F. hall in Niles on the evening of September 11. The affair has been painstakingly planned. There will be prizes and refreshments.

## Swainson's Tell Of Successes In East

Mr. and Mrs. Owen Swainson sends word from Chicago that their permanent waving demonstration is meeting with the same acclaim that was accorded it last year in New York. They have been receiving requests to come to that city again. They state, however, that they will return to Washington township early in September.

The Swainsons report that the weather in Chicago is perfect and that the 1934 World's Fair is even greater than last year's. They plan to see it thoroughly before returning.

The drought area was a sad spectacle, according to the Swainsons, who passed through a part of it.

The first bank in Washington township was established in 1902 at Alvarado by I. V. Ralph.

## LIFE IS STIRRING IN GHOST TOWNS

### Gold and Silver Prospects Revive Old Pits.

Boise, Idaho.—Higher gold prices and an improved outlook for silver have brought stirrings of life to some of Idaho's ghost cities—famous mining centers where millions of dollars in gold and silver were obtained during the early days of the territory and state.

While such stirrings have not yet attracted general attention, it is known that several projects have been moving steadily toward large-scale development work.

Especially is this true in Silver City, most famous of the ghost cities. More than 100 miners have been working since weather became favorable.

Among properties being worked are the Mountain Chance claims, the Golden Chariot group and the Florida Mountain properties.

On the Mountain Chance property 40 men are being worked in day and night shifts and the prediction is made by mining men that this force will soon be increased to 75 or 80 men.

Below Silver City, on Jordan creek, a dredging company has secured ground and plans to put in a large dredge in the near future.

E. H. Dewey, Nampa, whose father, Col. W. H. Dewey, made a fortune from his strikes in the Florida Mountain properties, and James Murray, Nampa, old-time mining man, are among local men who are working for the rejuvenation of the district.

Silver City started in the '60s and for several years after that was one of the busiest sections of the territory, boasting a population of 8,000 to 10,000 persons.

## Jilted Boy Hires Plane for Drop to Girl's Yard

Muncie, Ind.—Love burned so fiercely in the heart of nineteen-year-old Regis Schwer that he determined to leap 2,000 feet from an airplane into the backyard of a girl with whom he had quarreled.

Pilot Raymond Williams put out the blaze with a fire extinguisher. He hit Schwer over the head with it.

Leaving high school, Schwer hired Williams' plane and directed the pilot where to fly. About 2,000 feet over Muncie, Schwer pointed to the spot over which he wanted Williams to circle. Then the youth started to climb out of the cockpit. Williams let go of the controls and seized Schwer by the coat collar. The boy struggled. The plane plunged down to 500 feet. Then Williams got the fire extinguisher, knocked Schwer out, pulled the plane from its dive, landed and lifted the youth to the ground.

Schwer later admitted he had planned the jump into his sweetheart's backyard just to show her how badly he felt.

## Wood-Burning Lorry Is Developed by Japanese

Tokyo, Japan.—Japan's wood-burning motor truck recently developed by the army probably will be confined largely to army use because of the inability to supply sufficient fueling stations to make a more general use available.

The new truck with a small wood burner at one side and a boiler beneath was proved practical so far as going ability was concerned. A few of the trucks were tried out between Tokyo and Nagoya.

It was found necessary, however, to have an extra motor conveyance accompany the truck on its trial run to supply the fuel, which must be in small sizes.

Japan spends some 150,000,000 yen for motor fuel annually and the army's expenditures are large. The wood burner was developed to cut down the normal expenses rather than to provide a new and economical war machine.

## Old Warship Bells to Be Sold by British Navy

London.—The British admiralty has put a price on the old ships' bells from war vessels now being scrapped and offers them for sale to naval officers.

It is asking $50 each for the ships' bells of the cruiser Bacchante, which was at the Dardanelles; the battleship Dominion, which served in the North sea; the battleship Hercules, which took part in the Battle of Jutland; the battleship Mars, which served in the Dardanelles, and the Perthshire. Other bells, including those on submarines, are offered at from $25 to $5 each.

Purchasers are asked to state the nature of their sentimental claim to any particular bell.

## Shark Uses Catch of Angler as Bait

Sarasota, Fla.—Bonita House went after a tarpon—and came back with a tarpon and a shark.

The shark swallowed the tarpon that Bonita was playing on her line, and fought for an hour and a half before it was landed.

When the shark was killed and cut open the tarpon was found in its stomach.

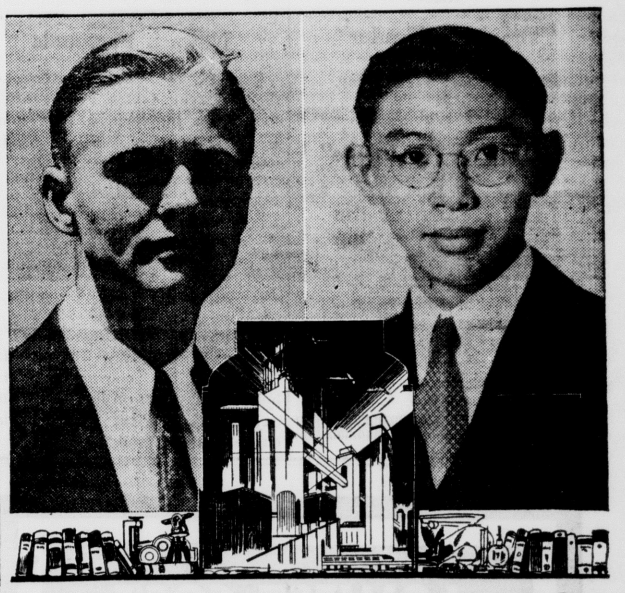
## Young Seers Win College Education



For their ideas on the world as it will be 30 years from now, Dana Adams Schmidt of Los Angeles (left) and Monroe Jang of Marysville have been awarded the two $2,000 University scholarships in Bank of America's statewide essay competition on America's development in the next 30 years. Thousands of young Californians vied for the awards. Schmidt will continue at Pomona College, where he is about to enter his sophomore year, and Jang has elected to attend the University of California.

A Pomona College freshman and a Marysville High School student were announced today as winners of the $2,000 scholarships endowed by the Bank of America for the two best essays submitted in a statewide competition in which thousands of boys and girls submitted essays.

In competition with essayists of 18 years or under in Los Angeles County and the San Francisco Bay Area, Dana Adams Schmidt, 18, of 405 West Adams Street, Los Angeles, was awarded a $2,000 scholarship for his essay entitled "The World Thirty Years From Now."

Monroe Jang, 17, son of an American-born Chinese merchant of Marysville, was adjudged the winner for all of California outside the two principal metropolitan areas. His essay on "Economic and Social Advancements" won him more than two dollars a word.

The scholarship competition was sponsored by Bank of America in an endeavor to determine the trend of thought of young Californians, to discover what plans youth holds in store for the future of the United States, and to stimulate constructive thought. Contestants were invited to submit their ideas on "America in 1964" in the form of essays of 1,000 words or less.

The scholarships were awarded by a committee of judges composed of Dr. Robert Gordon Sproul, President of the University of California; Dr. Ray Lyman Wilbur, President of Leland Stanford Jr. University; and Dr. Rufus B. von Kleinsmid, President of the University of Southern California.

The two scholarships will be presented to Jang and Schmidt at the State Fair in Sacramento in the first week in September, by A. P. Giannini, founder of Bank of America and of the Giannini Foundation at the University of California.

In all, Bank of America is making 414 awards in its survey of youthful thought. Essayists whose efforts won the commendation of the judges received a total of $10,000 in scholarships and awards.

Young Jang is a product of the California public school system and has already distinguished himself in his school career, having won a high school scholarship offered by the California Scholarship Federation. He has selected the University of California for his Alma Mater and will enter in 1935. His scholarship will be held in trust for him until that time by the bank, and thus through interest accumulation he will actually receive more than $2,000.

Schmidt, who was born in Ohio, received a part of his elementary education in that state. Later he studied abroad, in Switzerland and Austria, and entered Pomona College in 1933. He plans to use his scholarship to continue his education at that institution, at Claremont, California. He has chosen journalism as his vocation.

Commenting upon the results of the essay competition, Will F. Morrish, President of Bank of America, said: "The essays were invited as a gauge of the thoughts of the youth of today about the world of tomorrow. The ideas of the young people of today will direct America toward its future, and it is of value to a continuing institution to look to the future.

"The conclusions of the essayists, in the aggregate, offer some interesting deductions. The young people of today are more economically and politically minded than they have been in the past. They are concerned with social problems and are intensely interested in human relationships.

"While they recognize with the cutting clarity of youth the flaws in existing social systems, they are predominantly optimistic about the ability of their generation to solve its problems as they occur. It is encouraging to find that they even foresee an ability on the part of the present adult generation to avert entire chaos.

"The thoughts expressed by the contestants were constructive. There was no communistic doctrine, nor was there radicalism of any sort in abundance. The youth of today is dissatisfied with things as they are, but it is apparent that the desire is for constructive betterment, and not for haphazard change."

## Money in Body Helps Man Pay Hospital Bill

Washington.—A patient at St. Elizabeth's hospital here learned that his bill would not strike as deeply into his pocketbook as he had anticipated, when he found that $14 had been removed from his body in an operation.

Aside from the $14 in nickels, dimes and quarters, a miscellaneous collection of bottle tops, nails and spoons was found, according to the report. The entire collection approximated eight and one half pounds.

The patient, Edward C. Nickels, came to the hospital with an entirely different ailment. When he complained of stomach trouble during his convalescence, a diagnosis revealed the collection.

## Savants Explode Ideas Regarding Pearls, Opals

Washington.—Two scientists at the Smithsonian institution have exploded the old-fashioned "humbug" regarding pearls and opals.

Dr. Paul Bartusch, curator of molluscs and authority on pearls, disproved the theory that pearls require contact with human skin once a year to preserve their beauty. Every pearl, he asserted, eventually loses its luster, no matter how preserved.

However, Doctor Bartusch continued, a pearl may have its beauty restored by a simple "operation." A layer of nacre removed by the delicate instruments of an expert does the work. Faded pearls, he added, often are bought cheaply, "operated upon," and sold as new."

"Humbug!" exclaimed Dr. James Been, institution geologist, in exploding the belief that opals, soaked in water retain their fire.

Opals, he disclosed, are 40 per cent water. As the water evaporates the fire dies, and, Doctor Been contended, all the soaking in the world won't bring the glow back.

Christian Endeavor will meet at seven o'clock sharp. We have big plans for the winter which will demand the presence of every interested young person in the community for their successful completion. Come Sunday night and start the fall meetings with a "bang." Do not forget that the radio plays are presented by and through the Christian Endeavor. Can you act? Come to our meetings and have your name placed on the eligible list.

The Sunday School is showing the expected increase in membership. We do have a good time between ten and ten fifty-five every Sunday morning with the Sunday school children. If not attending elsewhere, send your children. They need us and we need them.

Bible Theater on the Air presents a dramatization of "The Pearl Of Great Price," on Sunday afternoon at 4 o'clock, over KQW, San Jose station. The setting for the drama is in a bazaar in the ancient and romantic city of Damascus. We feel that this drama will prove to be one of the best we have yet played. The cast as you will first hear them. Menes, the caravan driver for Shazzar, Ted Dundas; Shazzar, a dealer in precious gems, Charles Myrick; Alexander Philos, a merchant of gems, Jack Townsend; Philistrates, a wealthy merchant, Wesley Dexter Gordon.

### Abatement Head Tours Mosquito District Here

Harold F. Grey, mosquito abatement official, visited Washington township this week for inspection of the various marshes and potential pest breeding places prior to the initial winter rains. He was accompanied on his rounds by Roland Bendel, local foreman. Bendel states that reports on mosquito conditions in various sections of the district will be more than welcome. It is said that the buzzing insects have been few and far between this summer, much to the comfort of fresh air enthusiasts, who have moved their beds into their back gardens for the balmy weeks.
